Salt Water Intrusion

Salt water is creeping into underground water storage pools at the rate of 1200 feet a year because of the overdraught. Enough Colorado River water must be brought in to meet the day-to-day needs of the population in the West Basin and to replenish these

underground water resources and turn back the salt water intrusion, Butler said.

President Installed

At the meeting Alex Wysocki was installed as president of the chamber, succeeding Henry J. Blythe, who retired after serving as president for two terms.

Wallace Reynolds, president of the Harbor District Chambers of Commerce, served as master of ceremonies and installing officer. Other new officers seated at the dinner-meeting were: Chet Smith, vice-president; Lloyd Desmond, second vice-president; Warren Cadenbach, secretary; and Dave Egan, treasurer.

mation of two districts—one to be served by Redondo Beach, and the other to be served from a location in Torrance.

Courtroom Offered

At the meeting, Darby was presented with a letter from the City Council of Torrance offering the County the present city court facilities at a \$1 per year rental basis, so that the people of Torrance, Gardena, and Lomita could best be served in traffic matters.

Present at the meeting were the Chief of Police of Hermosa Beach, and Torrance Police Chief John Stroh, who indicated that a serious hardship would be imposed on the various police departments if they were forced to transport prisoners from one place to another. Additional personnel would be needed and the city would be forced to purchase adequate transportation for the prisoners.

Revenue Loss

Stroh also pointed out that while the City of Torrance had derived a revenue of approximately \$65,000 in traffic violations alone, under the new plan, "We will be lucky if we receive \$15,000."

Under the reorganization plan voted by the electorate two years ago, county boards of supervisors are required to create judicial districts within the counties, thereby eliminating the necessity of the "City Judge." At that time, the County board chose to ignore the fact that nearly one-fourth of the law cases handled in all courts of the South Bay area come from Torrance, and chose the present court house site in Redondo Beach.

Torrance BAPTIST NEWS

REV. JOHNNY MORTON
FORGOTTEN VERSES

Gal. 6:7-8
"Be not deceived, God is not mocked, for whatsoever a man soweth, that shall he also reap, for he that soweth to his flesh shall of the flesh reap corruption: But he that soweth to the spirit shall of the spirit reap life everlasting."
Yes, people have forgotten these today, they neither fear everlasting punishment nor have any desire to enter into life eternal.

expected to return in October to assume his new position.

Both of the new battalion chiefs joined the local fire force in 1938. Walker became an engineer in 1939 and a captain in 1949. He is married and resides at 2232 W. 231st St. Whitney was promoted to engineer in 1941 and captain in 1949. He and his wife live at 17537 Yukon St.

Promotion of six firemen to engineers is expected to be announced on August 1st, according to Chief Benner.

Parking

ommendations on this matter should come directly from the merchants and property owners. He stated that the Parking Authority should present its proposals to that group, who in turn should bring the matter before the council.

He also pointed out that "we're throwing the ball back and forth, and we're not getting anywhere."

Suggestions that parking meters be installed are finding no favor either with the council or with the shopping public, it has been noted.
